

**Mammoth Heights Elementary
School Accountability Committee
2014 – 2015**

Date: October 1, 2014

Time: 6:30-8:00 p.m.

Location: MHE Learning Commons

Agenda

1. Welcome & introductions – (*Rick Graves*)

2. Teacher report – (*Ed Goulart*)

Teacher report: Last meeting, I was at a QAL meeting. We've had lots of visitors this year: Dr. Fagen, Ted Knight, Asst. Supt. Elementary, Carrie Stephenson, Feeder Director, Morgidge Family, Video for school; CITE 6 (student growth portion of teacher evaluation) team met at Hope Online with Jaime Bailey and Christine Funk from the district assessment office to make plans for planning and rolling out our school plan and how we'll communicate with the rest of the staff at MHE; PLC on 9/26 included connecting WCOs and CAS in our planning in the morning, and then differentiated opportunities in the afternoon including topics such as Backwards Planning, Math Talks, Digging into data

3. District Accountability Committee (DAC) report – (*Karl Boehle*)

4. PTO Organization (PTO) report – (*Kaley Haavind*)

5. Key agenda item #1 – (*Rick Graves*)

- Approval of bylaws
- SAC voting positions
- Review recorder and notes on website

Key agenda item #1: Review of 14/15 bylaws and vote for approval. Rick outlined the responsibility of SAC members to an interested new person, Kate Kraz. She has been appointed as the PTO liaison, which is a voting position. That being completed, the voting members approved the new bylaws.

6. Key agenda item #2 – (*Shanna Martin*)

- Review UIP from 13.14
- Overall school data/performance....next steps on UIP

Key agenda item #2: UIP-12/13 focus was Writing. 13/14 focus shifted to Math, Writing and growth for specific groups. One change we made was adopting the Math in Focus program. Discussed "achievement" vs. "growth". This year we will be reviewing our scope and sequence in writing from both a horizontal and a vertical perspective. All 3 goals will continue for the 14/15 school year with some tweaks. Shanna reviewed the data from 2011-2014 CSAP/TCAP to explain why we are choosing these goals.

7. Key agenda item #3 – (*Shanna Martin*)

- Current enrollment

Key agenda item #3: Current Enrollment-Money and students! Projected for 751, we were at 744 today on our count day. SBB = \$3722/child.

8. Open forum for guests – (*Rick Graves*)

- Safety concerns
- Community concerns/input

Question: So, when exactly **did** the School Advisory Council become the School Accountability Committee?

-It is alignment with the bylaws and district accountability committee. It was brought up that other schools still call it the school advisory council, Shanna will check in with the feeder schools to confirm.

What about the Innovation Waiver, where is MHE?

-We are not currently going for the Innovation Waiver for the READ Act. We are continually looking to use a balanced assessment approach to assessment and will revise when necessary to be in accordance with state law and using classroom assessments that we value and use to guide instruction.

Next meeting:

-Wednesday, November 5 @ 6:30
